## *A journey in the 40's*

Cognac Lheraud has been producing top notch Cognac and Armagnac since 1680 from its self-owned 50 hectares of vines situated in the Fine Petite Champagne, the heart of the Cognac region. It is one of the very few companies which can offer "Official Vintage Cognacs" issued from three different areas: Grande Champagne, Petite Champagne, and Fins Bois.

These noblest of vines yield "Eau de vie", colorless wines produced from the extraction process before they turn into Cognac, are stored and aged in their exclusive oak barrels and private cellars.

The Cognac Lheraud family has agreed to make an unprecedented release of very limited sets of its most prestigious decade series in the 40's, 50's and 60's.

Many of these vintages will never be released or offered commercially as they are truly close to being extinct. For the true and most critical wine connoisseurs, this is indeed a rare and unique opportunity to be part of the French Cognac history as well as the Cognac Lheraud family.
